

First Team Manager – Season 2022/23

Penn and Tylers Green FC is a thriving community club currently playing at Step 6 in the Spartan South Midlands League. Over the last five years the club have invested significantly in the playing infrastructure with the installation of a new pitch and floodlights and dressing rooms. The club has achieved success on the pitch and we have thriving junior boys and girls teams and a successful Senior ladies team. The senior football pathway has been established with teams from U16 to U18s, Allied Counties and a Reserve team in place to support the First team.

We are now inviting applications for the role of **First Team Manager for season 2022/23**. We are interested in talking to ambitious managers and coaches who wish to manage a team at this level and higher and to be part of the wider senior pathway team at Penn. You will work alongside our Head of Senior Football and our other pathway coaching teams to develop young players as they progress through the pathway and ultimately into the first team squad.

Applicants should apply with a cover letter / email (see below for details) setting out why they are interested and what they would bring to the role and details of their management team and should include a football CV setting out your playing, coaching and managerial experience.

We would expect all applicants to have achieved or be working towards FA level 2 coaching qualifications and we would actively encourage and fund future coach education programmes. All applicants must hold or will need to obtain an FA CRC and emergency first aid certificate.

Applications should be made via email to our Head of Senior Football (see below for details). The deadline for applications is Friday 28th May. The club will look to appoint a manager as soon as possible after this date.

Please note this is a voluntary position but football related expenses will be covered by the club
